This is an excerpt taken the end of Brother Curry's talk Sunday morning December 14, 2008, where he encourages and prays for everyone.

Beginning at 51:35 minutes into the talk.

Hopefully this week, the main thing you've seen is that, just as my brother said, is that God is looking for normal people.

The big name preachers can't do it all and they can get people saved and they can do certain things but they can't have the close contact and discipleship that new believers and people that have problems need. So you've got to get involved in people's lives. You've got to make yourself available.

It may mean getting your hands dirty sometimes. It may mean the back floor board of your car may have puke in it. You know when you try to help a drunk that wants help, but you know, falls back under drink and you have to go pick him up at the bar and bring him out and work with him.

We've got to work with people. We've got to help them. We've got to separate them from their sin. But to do that we need to make sure we are right with God. We need to make sure we have the baptism of the Spirit that gives us the power to set people free. We need to make sure we are living a life of holiness before God. So that the devil when he does show up, we can say, devil, you've got nothing in me. You got no draws, no strings. You got no rights to me. You got nothing in here, so back off. Then you can speak, see, when you know then the devil has nothing on you, you can speak boldly.

The bible says the righteous are as bold as a lion. You are made righteous of the blood of Jesus. So it's time to be bold. You say I need boldness, will you pray for boldness? We can, but honestly the way for boldness is very simple. You are as bold as you are sure of what you are saying. If you are not bold, it's because you're not sure.

If someone asks you your name, you wouldn't hesitate. You would say your name and if they said no, that ain't your name, your name is Bill. They'd look at you like, you're crazy. They might take it for a few minutes and kind of laugh, but after a bit they are going to go, alright, enough playing, my name is this, here's my driver's license and they're going to get mad. And they are going to get stronger and more forceful; they are not going to back off. So, and the reason they are so strong and forceful is because they are absolutely sure that they are right. So what you need to do if you are not bold, it's because you're not sure you're right.

David Crockett use to say make sure you're right, then go ahead. So we need to know that we are right. I can tell you that there is no other God that answers when you pray to them, OTHER than the Name of Jesus. Jesus is the only God that's alive. He's the only one that came and died for you and rose again and He is above EVERY other thing and Buddha will bow his knee to Jesus. Mohammad is going to bow his knee to Jesus. And so we need to be as sure and as bold as they are.

Now, I just wanted to share these few things and I want to pray for you, but above everything else, if you've been in the seminar this week, I can tell you just as I told you the very first day. I taught you no theory. Everything we taught was what we have lived and done. We can verify it through scripture.

So all I'm saying, I am not telling you to take my word for it. Take the tapes, take whatever you need to do, study it. Prove it to yourself. When I quote a scripture, go there, read it for yourself. Make sure I'm not misquoting it and make sure it's in context. Go in and study it and get sure, and as you get sure your boldness will rise, your faith will rise, your activity will rise and you will act yourself into believing, faster than you will believe yourself into acting. Amen?

Let's all, well I was going to say bow our heads and close our eyes, but we don't necessarily have to do that. Is there anybody here that is not right with God? That can be all the way from not born again, not knowing Jesus, never give your life to Jesus or backslid or just not living what you know you ought to live. Is there anybody like that? You say I want everybody to bow their heads and I say no, Jesus hung publicly on a cross; you need to confess Him publicly. And if you can't do that in here, with people that are for you, you are not going to confess Him out there when they are against you. So is there anybody that needs to get right with God?

Now listen carefully, by not raising your hand, by not signifying, that you are not right with God, what you are saying is, I am with God where I need to be. All right now I am not trying to get this alter full, all I am saying is, we are not getting emotional, you know this isn't a photo op. I am not saying everybody is perfect, I am not saying you couldn't be better, I am just saying is there anything between you and God right now that shouldn't be there? Then do this with me, pray this out loud everybody because we all have places we can grow in right?

So everybody repeat this with me, and those of you that raised your hand, this is especially for you, right? When we get done there is going to be a change in your life. This isn't just words, this is an activation of the Spirit of God in your life and you are going to give Him permission to change you. Amen? Right, so, let's pray.

Father in Jesus Name, right now I recognize what has been between you and I, and I recognize I am not where I could be.

This version of Total HTML Converter is unregistered.

And right now I confess that I agree with You, that where I have been has not been right and I want You, to take my life to change it, to make it something different, to make it something that you can use.

So change my heart, change my mind, change my actions. I give You permission, because I make You my Lord, and not just my Savior, in the Name of Jesus . I thank You Lord that you hear me and that it's according to Your will and that I do have the answer and therefore You are changing my life now. In the Name of Jesus, I say now, I am right with You and there is nothing between us. We are one, in Jesus Name. Amen.

Now, here's the next step. You made that statement now don't make that statement a lie. Now God will help you. He is there to help you, change your life, change your habits, change your lifestyle. Begin studying the Word of God. Spend time with God. Move in that direction, but know every step you take you draw nigh to Him, He will draw nigh to you. Every step you take He takes more. He is more for you than you are for yourself. So right now your life has changed and you watch, you will live it out and it will be even easier in many aspects to live for God.

Now, right now, how many of you are sick in your body, you need healing in your body? Okay, alright, I am going to pray for you, now listen, you don't need my hands. My hands aren't special, alright? It is the Spirit of God, it's the Name of Jesus and faith in that Name that does it.

Now I have the Spirit of God, I have the Name of Jesus and I have faith in that Name. Now I don't know where you are, you just pretty much said you are right with God so that's good, but, I am not relying on your amount of faith, I am asking you what can I do for you? And you have said you need healing, so now we have healing and we are going to give it to you. Alright, so don't worry about your faith, and if you have enough, it has nothing to do with that, alright? It has to do with His sacrifice, by His stripes you were healed, it's done!

So right now it'll sound like a prayer in the beginning but it's going to quickly turn to a command and I am going to command the things that have been bothering you to stop. And when that happens, it's going to stop, amen?

Now once we do that you just need to begin doing what you could not do before and to check it out and see what is going on. So let's pray.

Father I thank You in Jesus Name, for letting me participate in Your victory over Your enemy of sickness and disease. I give you all praise, all glory and all honor. It is by Your Spirit and by nothing that we do in and of ourselves. It is all by Your Word, Your Spirit, Your power in the Name that is above every name. The Name of Jesus. So right now Father, I thank You for it.

Now sickness and disease, by the authority of the word of God, by the authority of the Name of Jesus. I have absolute authority over you, and I command you now, you will leave these people. You have no right to be here .You have no reason to be here, and in the Name of Jesus, right now, you did not buy them, you didn't pay for them. You didn't die for their sins. Jesus did. He died for their sins, He died for their healing. He bought and paid for them. So in the Name of Jesus, sickness and disease, you will hear and obey the voice of the Word of God. You will GO and you will leave them NOW, in Jesus Name!

Spirits of infirmity, you have no right here, you will go, right now every symptom, will leave their bodies, total complete healing throughout all, in the Name of Jesus. By Your authority I set the captives free!
Captives you have been held in bondage, you have been oppressed by the enemy of God and now God has decreed your freedom. And I am here to tell you, the enemy is defeated and you are free! Now live in the freedom that you have been bought to live in. In the Name of Jesus, pain, false pain you will go, you cannot stay you are a liar. Jesus paid for their bodies to be healed. He gives them peace, so you GO in Jesus Name right now! Absolute life in Jesus Name.

Father if there is anyone here that needs a new out flowing, a new baptism in the Holy Ghost to know that they have power to walk through this world and bring deliverance, right now I say Holy Spirit You know at what level everyone is at and I say in Jesus Name, flood them, spirit, soul and body in the Name of Jesus. So be it. Amen.

Now I would say one thing, if you have been in this seminar you know this, if we would drink the water that Jesus gave. If you have eaten His flesh and drank His blood and He said you will never hunger or thirst. Now what you've been experiencing, you may have never called hunger and thirst after God. The reality is the Bible has a Word for it, it's called zeal. You have a zeal that you don't know what to do with. That's why you have turned zeal into pursuit when it should be turned into action to demonstrate. So move in zeal, not in hunger, not in thirst, you've been filled, but now move in zeal toward God and accomplish His will and don't let ANYTHING stop you. Amen?
