DEDICATION

This book is dedicated to the **HOLY GHOST** for inspiring me to write this eye opener book.

APPRECIATION

My appreciation goes to my dedicated wife, **MRS NGOZI OLAYERI**, who typed the manuscript of this book and designed the cover page. Despite the difficulties we encountered, she never lost hope.

My appreciation goes to my lovely children, **MISS IBUKUN, DAVID, MICHAEL, COMFORT and MERCY**. They encouraged me day and night as I write this book!

Respect and honor should be given to who is due. Favor comes from God and men as well. My calling (writing evangelism) met the timely support of a particular man of God, preacher, teacher, prophet and General Overseer. He awakes my inner man and gave me sound spiritual support. Without his earlier support for my first book, ***Fire for Fire Prayer Book*** and subsequent ones, I may not be where I am today in Christian literature writing. He gallantly stood by me in fulfillment of my calling.

This book you are holding is a testimony of my claim. This book wouldn't have seen the light of the day, if not for the spiritual encouragement I gathered from my father in the Lord who served as spiritual mirror that brightens my hope to explore my calling.

I am talking of no any other person than the **General Overseer of MOUNTAIN OF FIRE AND MIRACLES MINISTRIES WORLD WIDE, DR. D. K. OLUKOYA**.

Once again, I say thank you sir. Your support has yielded yet another earth shaking book.

THANKS

Evangelist Tella Olayeri.

HOW TO USE THE BOOK

Prayers are written at the end of each chapter of the book. Treat each topic with prayers written in the chapter. You can as well raise prayer points on your own to address your dreams.

The book is primarily divided into two parts. Read chapters one through chapter nine, mostly in the day and reserve chapter ten for night vigil. The tenth chapter has 99 decrees in all, written specifically to address issue on dream and forget. In this chapter, you may make use of anointing oil. Hence, it is advisable you have one.

Endeavor to do the night vigil, using all the Psalmist decrees. You can as well add prayers of yours according how Holy Spirit directs. Let your vigil start around 12 midnight and pray for two to three hours. If you are facing strong challenges, I advise you go for two or three days dry fasting, taking warm water, (not hot tea!), to clear your throat from drying. Do this, and be ready for quick answer to your petitions.

PREFACE

To dream is spiritual, as it foretells what is going on in the spirit. Naturally, people dream. Dream is a natural process like breathing. Dream is an extension of situation we live in when awake. Dream represents mental activity that occurs when conscious control is removed. Hidden mysteries are uncovered in the dream and if one is not in the spirit, he may not understand what the dream is all about.

The fact is you cannot prevent it from occurring as the message you need to receive is relayed to you in the spirit. Revelations passed in the sleep help the dreamer to foresee future occurrence, to serve as warning, to encourage, to reveal what is most likely to happen now, or what may have happened in the past. This is the more reason we must not neglect our dream as it constitutes an inter-relation between the now, the past and the future of human experience.

Anyone who can interpret dreams wisely stands better chance to plan and organize things rightly. It is an added advantage, if one dreams and remembers his dreams.

It is therefore a calamity not to dream, as guiding hands may be absent in your affairs. No wonder if one is deprived of his dreams; it foretells the tendency to forget good ideas awaiting him. Thus, it is logical to say, anyone who forgets his dreams, forgets assets. To have better harvest, your spiritual current needs to be transmitted into physical. Many dreams are direct, and when put to practice, it brings outstanding results.

You may be among the small group who remember most of their dreams in vivid detail. This is good but it is rare anyway. You may belong to the large majority who remember only vague parts of their dreams. This is not so good. Lastly, you may belong to the sizeable group who forgets everything. This is spiritual disaster. These people forget what they dream as soon as they wake. They can best be classified as people who don't dream at all. They do not know what transpired in the spirit realm.

People that fall into this group are many. If we try to ask the question, who dream? and able to answer it correctly, we may know how large the number of people that dream. The fact is, dreamers cut across sex, age, and color. The young, the old, male and female, young and old, white, colored and black all dream. Majority of people dream to remember fragments of their dreams or do not remember their dreams at all.

It is well known that half message received in the dream cannot give valid result or information for decision making. It is good to have quality data before authentic information or message can be attained. This is the situation with dream as well. It is therefore necessary to equip yourself well to remember your dreams.

The secrets to overcome this are boldly and empathetically written in this book. Your sure success after dream is guaranteed. From here, I shall say, "You are welcome to dream world."

CHAPTER ONE

PRAYER TO REMEMBER DREAMS

When God wants to reveal something about the present or the future, he frequently uses dreams and visions. God appeared in a vision to Abraham, Jacob, Samuel, many prophets, as well as New Testament Saints. Dreams with message from God could be given to his people or heathens, often in the latter cases; one of God's people interpreted the dream, Daniel vs Nebuchadnezzar. Therefore, if your spirit is not alive, you may not see visions or dream dreams.

This book is written with the belief you are new in the territory of dream Kingdom. Hence, it will be necessary to define what dream is, in a nutshell. Dream is the language through which Holy Spirit speaks to man, except for induced or manipulated ones. Dream is therefore a spiritual language of communication between man and God. Dream originates from three major sources:- God, man or, devil. What we are most interested here is dream that comes from God. The most common way God speaks to us is through dreams.

Dreams can either be direct or indirect. Direct dreams need no interpretation as it tells us exactly what will happen and steps to take. It is like being given an instruction to carry out. The case of King Abimelech is a vivid example.

An indirect dream is one spoken in parables. This type of dream is spiritually technical and may need the help of an interpreter to know what God is saying at a point in time. The dream of King Pharaoh is an example, Genesis. 4:1-7

Your dreams are raw materials in your hands to build your future. Raw materials must be converted to product or products before it can be meaningful to the owner. So it is, with a dreamer. Hence, your dreams need to be remembered and converted (interpreted) to meaningful message before you can make use of it. It is almost impossible to build, if you cannot recognize type and purpose of raw materials in your hands. A dreamer who forgets his dream is like someone with raw material but could not recognize

or know he had one. The usefulness of raw material may die, if it is not utilized. Since dream gives birth to products, it then boils down to the fact that a dreamer must refine his dream.

This brings us to the mystery of spiritual refinery. Hence, you need to go into your refinery or release your spirit for one so that your dreams can stay and be incubated for remembrance and actions after sleep. Thus, dreams or trance communicates something important. It is your responsibility to decode your dream through prayers.

To dream is a spiritual right not a privilege. If you don't dream, or you dream and forget, it suggests you are losing your right to the wind. The book of Joel 2:28 says, "***And it shall come to pass afterward that I will pour out my spirit upon all flesh, and your sons and your daughters shall prophesy, your old men shall see visions***". Thus, your inability to dream or, dream and forget is a spiritual slap on your face. Dream is thus, divine right to mankind.

As enemies are striving hard that we might experience untimely death, unable to accomplish our race in life, so is not with God that we die in ignorance. It is a pity many die in ignorance without knowing who they are and what they should be. Life is full of struggles that sometimes yield little or no testimonies. You need to fight it out in prayer and marry your spirit to dreams that comes from above to serve, as spiritual guide in your daily activities. For this reason, you need to connect yourself spiritually to hear from God. The fact remains, you will not be excused if you mortgage your destiny on the platter of dream failure, or dream and forget syndrome. The fact is you will deny yourself of heavenly message and rights which you need to exercise when you prayer. Your dream can make you a champion, but once you do not dream, it is like living a dead life. You need freedom, spiritual revival, and resurrection from the pit of the dreamless. Today is your day, you need heavenly injection to revive your dream life, that will make you fresh, stay fresh and be an achiever.

It is high time you locate your spiritual compass and navigate into the bank of dreams for spiritual information. You need to awake and stop living in the cloud, so that enemies won't have field day in your life. Inability to

dream may not empower you to detect their wickedness. Hence, you need to fetch spiritual compass and locate powers behind your dream predicaments, knowing when and how to launch counter attacks against them.

It is good you know that your inability to dream, or to dream and forget is a spiritual abnormality. It means your spirit man is weak. It means you are spiritually trapped. It means you are spiritually dead while asleep. Everyone has a spirit he uses to communicate with his creator. You have a soul that lives in your body. Your spirit is the real person in you not your physical body. It is the spirit that goes about in the dream when your body is at rest. Since spiritual controls the physical, before anything could happen in the physical it must have taken place in the spirit. Hence, if you do not dream, or you dream and forget your dreams, or, you could only retain a fraction of your dreams, it means your spirit man is not functioning well in the spirit. This may be due to the fact that your spirit man is caged or placed under spiritual arrest in the spirit. Once your spirit man is arrested or caged by dark forces, it becomes almost impossible to dream, and where you dream at all, you may forget almost what you dreamed. The fact is there are some powers assigned to remote or control your spirit man in the spirit.

For this reason, you should not brush aside failure to dream or inability to remember the dreams you dream. It is a serious matter that needs to be taken care with, with all seriousness. Hence, diagnose your dream life never take things for granted, by saying, "It is part of life".

People who suffer from forgetfulness of dreams can be divided into three categories. They are:-

1. Those under attack of dream eraser.
2. Those under attack of dream fragmentation.
3. Those under attack of spiritual blackout

Really, the three above may look alike, but they are not. The first categories of people under attack of dream eraser are those who dream but could not remember their dreams after they wake from sleep. A vivid example was Nebuchadnezzar, king of Babylon, who could not remember his dream after, he wake from sleep.

The second categories are people who dream but only remember fragments of their dreams after they wake from sleep. This set of people finds it difficult to tell the start of their dream or the end of what they dreamed.

The third category, are those who experience total blackout when asleep. This people, don't dream at all. They only hear people discuss dreams but never have such experience. Such people suffer from attacks of power call dream erasers. We only mention these three categories of people that suffer this type of attack in this chapter; we shall discuss them better in later chapters.

At this point, it is good we discuss what I call dream ethics as we journey into dream the world. The first law of dream ethics is, at times dreams are symbolic which makes them appear meaningless after you wake from sleep. Here, you need to meditate on them for spiritual understanding.

Secondly, dreams are sealed instructions you need to unseal or decode before you can arrive at message or information passed to you.

Thirdly, every dream and its symbols must be interpreted in light of the life circumstances of the person to whom it is given. Thus, a dream may not be understood fully without knowing something about the life of the person concerned.

Fourthly, avoid misapplication of dreams. Sometimes friends and family members are often used as symbols. The fact is, sometimes they represent ourselves, sometimes they represent friends or family members, sometimes they represent themselves and sometimes spiritual issue like church.

Lastly, you need to know, who the dream refers to and what it is really about.

Once you know the particular subject God is talking about and who He is referring to, proper dream interpretation is usually not difficult.

Finally, I welcome you into the fold of people that dream and remember their dreams. The day of living in the cloud is over. A new dawn of spiritual

enlistment has come to stay. But then, there are rules and keys you need to know before your dreams can be meaningful.

Also, there are messages, symbols, colours etc. you need to decode before relevant meanings can be given to your dreams. It is after knowing this; you will be able to correctly interpret your dreams.

To be a master in your dreams, I advise you buy my book titled **DICTIONARY OF DREAMS**. It will help you interpret your dreams and establish your feet in the spirit.

Failure to remember dreams is like living in cloud of darkness. It is a spiritual mistake to forget your dreams as it causes spiritual vacuum. You need to be a dream champion, by having ability to remember and interpret reams.

To achieve this, you must have a mind-set of a champion that will make you have an edge in spiritual pursuits. It is time you forget past mistakes hunting your destiny, for the Lord shall heal the wounds inflicted you and fill vacuum created to destroy you. One thing you should know is, even the most intelligent make mistakes, and all you need to do is to learn from your mistakes. Be honest with yourself. Listen and take to inner voice. Be real with yourself; know who you are and what you are.

The wiser you are the better you live. You need spiritual power to remember and decode your dreams. You need a mind of change today. It is a good philosophy to engineer change in your life every day. A change for advancement, and or, a change from forgetfulness to remembrance of your dreams.

Obedience, it is said, is better than sacrifice. When we obey God, we hear from Him. To show resistance or unwillingness to do the will of God makes us live in darkness. God may not speak to a person who is not willing to obey.

Until you locate direction, wandering continues. You need divine direction to attain distinction in life. You are created a star not a scar, a champion not

a failure. Dream speaks volume. God's direction is loaded in dreams. When you don't dream; you lose out to failure, sorrow and rejection.

As a child of God, you possess spiritual eyes in your heart, whenever it is renewed, it speaks through your heart or show things that cannot be detected by ordinary eyes. Hence, you shall see beyond the physical, dwelling in the spirit, having dreams you cannot forget

Be happy you pick this book today for the Lord shall see you through. Your hang on to this day shall be healed. The fact remains, ability to hang on when everything is pulling apart, is the difference between a success and a failure, and between a winner and a loser. The book stands as a tool and weapon in your hands, a sure way of information to silence sleep oppressors. I pray you shall not live a life of a struggler.

As you remember your dreams and able to interpret them, pray warfare prayers to cancel every evil dream until you are done with it. The second step is, you shall decree goodness and manifestation on positive dreams you dreamed.

Lastly, bless God for giving you insight and keys to unlock your dreams and visions. By so doing, you stand better chance to get result than one who dream and remember his dream but never pray. May God bless you. Amen.

CHAPTER TWO

DREAMERS IN THE BIBLE

Dream is a spiritual right and a means of communication with the heavenly. Dreams recorded in the Bible buttress the fact that God is in business of informing people through dream in the sleep. The Bible recorded a dozen dreams apart from numerous visions in the Bible. Dream serves the purpose of warning, encouragement or to give confidence in respect of issues at stake. Lessons learnt in each dream are narrated for spiritual growth. You need to read and digest each dream, to know the reason why you should pray and be free from dream blackout

Let's go into dreams in the Bible in an orderly manner, starting from the books of Old Testament to New Testament.

DREAMER NUMBER ONE

ABIMELECH.

The first dream recorded in the Bible was that of Abimelech, the King of Gerar, Genesis 20:2. This is one of the towns Abraham stayed, when he left his father's house for the land of Canaan.

What led to this famous dream was that, Abimelech erroneously took Sarah, wife of Abraham for wife, after Abraham told Abimelech that Sarah was his sister. Sarah being a beautiful, charming lady arrested the heart of Abimelech, and took her for wife.

Within a while, in the night, God appeared in the dream to Abimelech with a warning. The Bible recorded it. ***“But God came to Abimelech in a dream one night and said to him, “You are as good as dead because of the woman you have taken. She is a married woman” Genesis 20:3.***

King Abimelach never wasted time, but returned Sarah back to Abraham, in the presence of his officials. He never stopped there, but gave Abraham a thousand shekels of silver as a recompense for his wrong act!

At this time, God closed the womb of Abimelech's wife and his slave girls. With God's direction, Abraham prayed for Abimelech's household and they were healed.

The Bible passage revealed a number of things to us. Firstly, it was a warning dream that rebuked Abimelech and his likes from committing adultery.

Secondly, his dream made us to understand, that Abraham was a prophet, Genesis 20:7; and a prayer warrior of great repute, Genesis 20:17.

Thirdly, it teaches us that God's eyes monitor, guide and save people from danger.

DREAMER NUMBER TWO.

JACOB

Jacob had two dreams recorded in his favor in the Bible. The first dream occurred when he went towards Haran as charged by his father to take a wife among Laban's daughters. He got to a place and made stone for his pillow when night came. As he lay down to sleep, he had his first dream. The Bible records it. *“And he dreamed, and behold a ladder set up on the earth and the top of it reached to heaven: and behold the angels of God ascending and descending on it” Genesis 28:12.*

In the dream, God appeared to Jacob with the promise that He God shall pass inheritance of Canaan to Jacob and his seed. God finally fulfilled this promise when the Israelites occupied Canaan.

The second dream of Jacob can best be described as a dream of freedom. After serving Laban for several years, he was given Leah and Rachel as wives. It got to a stage, when plans of Laban to cheat Jacob backfired. He thought he could place Jacob into permanent slavery by promising him, cattle's that are of ring streaked, speckled, and grised, Genesis 31:10.

This verse summarized actions taken in heaven, in support of Jacob against slavish intensions of Laban against Jacob. Heaven supported Jacob, as Jacob took bold steps, and initiatives to let it come to pass. The verse above confirms the statement, “whatever will happen in the physical will first happen in the spirit”. This was what happened in the case with Jacob, as he took bold steps in the physical to actualize what God did in the spirit.

Jacob’s dreams taught us many lessons. The first dream was a message of hope, support and future fulfillment. In the dream, Jacob knew God was with him. His objectives, purpose, focus and goals for the future started with this dream. He knew God’s plan for him and his offspring. If he was the type that doesn’t dream or have no dream memory, he may not know God’s plan for him.

The second dream testifies to God’s support for Jacob. While angels of God did the spiritual aspect, Jacob carried out practical aspect of it. If Jacob had been a man with dream failure, his service to Laban would have been a wasted one. He would have served him for years unending. This was what Laban had in mind before he went into agreement with Jacob. At last heaven rose in Jacob’s support in the dream. Jacob dreamed and was able to interpret it and took right step. The step he took brought liberty to him life and his household.

DREAMER NUMBER THREE.

LABAN

Laban was Jacob’s father-in-law. Jacob served Laban for several years before he decided to leave for Canaan. On hearing that Jacob fled with his two wives and household, Laban was furious, and pursued after Jacob for seven days. He and his brethren overtook Jacob in mount Gilead. In the night, God appeared to Laban warning him not to do anything wrong with Jacob. The Bible records it. ***“And God came to Laban the Syrian in a dream by night, and said unto him, take heed that thou speak not to Jacob either good or bad” Genesis 31:24.***

This dream saved Jacob from Laban and his brethren's hands, that joined in pursuit against Jacob. If dream wasn't in existence, Jacob may have lost his life that day. The dream Laban had, stuck to his memory bank as he applied the warning he received in the dream. If Laban had been someone that dream and forget his dream, he may kill Jacob in annoyance. The race called Israel today may not have been in existence today! Thus, dream failure is an architect of problems.

DREAMER NUMBER FOUR.

JOSEPH

Joseph was one of the twelve sons of Jacob, born to him by Rachel. Joseph's dreams were proverbial and symbolic in nature. He had two dreams which have almost the same meaning.

The first dream concerned his supremacy above his brothers, while the second one combined, his parents and brothers doing obeisance to him in the dream. Both dreams brought wrath against him from his brothers. The Bible records them.

DREAM NUMBER ONE.

“For behold, we were binding sheaves in the field, and, lo, my sheaf arose, and also stood upright, and, behold, your sheaves stood round about, and made obeisance to my sheaf” Genesis 37:7.

DREAM NUMBER TWO.

“And he (Joseph) dreamed yet another dream, and told it his brethren, and said, Behold, I have dreamed a dream more; and behold, the sun and the moon and the eleven stars made obeisance to me” Genesis 37:9.

The two dreams of Joseph nearly sent him to untimely grave, but God saved him from the hands of his treacherous brothers. His dreams gave him focus even in the midst of temptation. His dreams eventually came to pass when he became Prime Minister in Egypt. It was then; he could interpret his dreams to the letter.

DREAMER NUMBER FIVE.

THE BUTLER AND THE BAKER.

The butler and the baker were of Egyptian origin who served as chief cup bearer and baker of the King, Pharaoh respectively. Their dreams were related to Joseph who interpreted the dreams correctly.

The Bible recorded manners and time of the dreams. *“And they dream a dream both of them, each man his dream in one night, each man according to the interpretation of his dream, the butler and the baker of the King of Egypt, which were bound in the prison” Genesis 40:5.*

Their dreams came to pass as interpreted by Joseph. They knew their fate and the judgment ahead of them as interpreted by Joseph. Thus, it is good you know how to interpret dreams, so as to know step to take in your undertakings. It is good you buy my book titled **DICTIONARY OF DREAMS**, to give you insight to dream interpretations.

DREAMER NUMBER SIX.

PHARAOH

Pharaoh was the King of Egypt. He had two different dreams in one night. In the first dream he saw seven fat cows coming out of the Nile grazing among the reeds a while after, another seven emaciated cows came out of the same Nile and devoured the seven fat cows. Then he woke.

That same night, he fell asleep again and dreamt of seven heads of grain, healthy and good, growing on a single stalk. After them, seven other heads of grain sprouted, thin and scorched by the east wind. The thin heads of grain swallowed up the seven healthy, full heads, then Pharaoh woke.

The two dreams disturbed his heart not until he got an interpreter to his dream, in the person of Joseph, the Hebrew, imprisoned for no just cause. The importance of Pharaoh's dreams are many. Firstly, it saved Egypt from starvation after it was rightly interpreted by Joseph.

Secondly, it saved Jacob (father of Joseph) and his entire family from starvation as they eventually migrated to Egypt, where they found solace.

Thirdly, it brought about the fulfillment of Joseph occupying high position of Prime Minister, making his father and brothers do obeisance to him! What he dreamt at seventeen came to pass at last.

Lastly, the dream metamorphosis into fulfillment of God's prophecy that the descendants of Abraham shall be enslaved in foreign land, which later came to pass.

In conclusion, this asserts that dream is powerful, truthful and a role model in the spirit, if it can be rightly interpreted and remembered. If Pharaoh was unable to remember his dreams, many souls may have lost during the seven years famine revealed to him in the dream. Joseph may have died in prison as well, if he did not have ability to interpret the dreams. Thus, it is good to remember and interpret dreams.

DREAMER NUMBER SEVEN.

THE MIDIANITE.

Gideon the warrior was to lead Israel against the Midianites, the Amalekites and other eastern peoples who settled in the valley, described with the phrase as thick as locust in Judges 7:12. In order to purge Gideon's fear, God directed him to go into the camp of the enemy at night! Gideon obeyed.

As he carried out his surveillance, a midianite soldier narrated his dream to his friend, which was interpreted as Midianites falling prey to Gideon. This dream encouraged Gideon to strike, which he did. God gave the enemies into his hands. Thus, the dream brought fear into the heart of the enemy but strengthen the Israelites.

DREAMER NUMBER EIGHT.

KING SOLOMON.

After King Solomon offered sacrifice to God in Mount Gibeon, God appeared to him in the dream, to ask for whatever he wanted. Solomon did not miss words, he asked for a discerning heart to lead the chosen children of God, Israel rightly. His demand in the dream pleased God. He gave Solomon discerning spirit he asked for and added to it. He said, since Solomon never asked selfishly by asking for personal riches, long life or the death of his enemies, He, the Almighty God, shall give him riches, honor, and long life as well if Solomon followed his command as did David his father. Thereafter, Solomon woke from sleep.

It was a direct dream that doesn't have difficulty to interpret. It was more or less, a conversation in the sleep with God that later came to pass. Righteousness is one of the basic ingredients to see face of God. When Solomon woke, he knew God was in his support. This gave Solomon encouragement and focus during his reign. Solomon excelled as promised by God. No one on earth was recorded as wise as him; neither can his riches be compared with anyone. Thus, he was famous and rich.

DREAMER NUMBER NINE.

NEBUCHADNEZZAR, DANIEL 2:4

Nebuchadnezzar was the King of Babylon, who dreamed terrible dream, and thereafter could not sleep. He summoned all the wise men in Babylon, the magician, enchanter and astrologers to tell and interpret his dream. They couldn't, except an exile from Judah named Daniel, who did.

Daniel enquired of the Lord, to reveal unto him the dreams of Nebuchadnezzar. The dream was that of a large statue, enormous, dazzling and awesome in nature which was interpreted to mean political situation that shall take place in future.

This dream opened door of honour to Daniel, and other three Hebrews, Shadrach, Meshach and Abednego. While the three were made

administrators over the province of Babylon, Daniel remained at the royal court to administer along with the king there. Daniel's ability to unravel the mysteries, brought him to a further limelight in a foreign land.

DREAMER NUMBER TEN.

JOSEPH- HUSBAND OF VIRGIN MARY

Joseph, husband of Mary the virgin had three different dreams recorded to him. His first dream concerned his surprise of the conception of Mary his newly married wife, who he never slept with. He was contemplating how to quietly divorce his newly married wife, when he had a dream, warning him to accept the pregnancy as it was of the Holy Spirit. In the dream, the sex of the baby was given (male), the name (Jesus) and his mission on earth (to save his people from their sins). This dream sealed the marriage, which Joseph intended to quietly dissolve. A baby boy was put to bed by Virgin Mary and was named Jesus, the Savior, Mathew 1:18-25.

His second dream was recorded in Mathew 2:13, concerning appearance of an angel of the Lord who forewarned Joseph of impending danger of plans to kill Jesus. The angel told Joseph to depart immediately and escape to Egypt, and stayed there until he was told the next step to take. Joseph was in Egypt until after the death of King Herod who sought to kill Jesus.

The third dream was, when an angel of the Lord appeared to Joseph in Egypt to leave for Israel, which he did.

The three dreams concerned the conception and safety of Jesus. If Joseph was a man who dream not, or the type who dream and forget his dreams, no one knew what may have become of the savior. Thus, to be troubled by spirit of dream and forget is bad.

DREAMER NUMBER ELEVEN.

THE THREE WISE MEN

The three wise men came from the East to give presents to the newly born baby, Jesus. To further their enquiries of where to find the boy, they went to King (Herod) who was bitter in mind to hear of the arrival of a new king in his kingdom. He sent the magi away, to make a search for the baby so that he might go and worship him. Really his plan was not to worship, but get rid of the baby.

The magi were warned in a dream not to go back to Herod. They later returned to their country by another route, Mathew 2:12. Although, the magi erroneously revealed the King of kings to Herod, God saved the baby through dream. If the Magi suffered from dream and forget syndrome, what would have been the fate of Jesus? Dream and forget is therefore dangerous.

DREAMER NUMBER TWELVE.

PILATE'S WIFE

The close of dream in the Bible was that of Pilate's wife, who sent message on behalf of Jesus to his husband, Pilate the judge. According to custom, it was the governor's custom at the feast to release a prisoner chosen by the crowd. A decision was to be made of who should be released to the crowd between a notorious prisoner, called Barabbas and Jesus.

Pilate the Judge was sitting on the seat when a message came from his wife saying, ***“Do not have anything to do with that innocent man, (Jesus), for I have suffered a great deal today in a dream because of Him” Mathew 27:19.*** Her dream was a confirmation of Jesus innocence, even in the thick of hatred against him.

In the dreams treated so far, one salient point is, dream is a channel of information to human beings. It can be during the day or at night. But most dreams occurred at night in the Bible. This does not mean that facts or information's cannot be passed during the day when men slept.

CHAPTER THREE

BENEFITS OF DREAMS

Dream and forget, and or, inability to dream is a spiritual calamity, likened to a person who can't remember his name or home address. Dream blackout is often the origin of this spiritual emptiness that leads to frustration, stagnation disappointment, and utter despair. Dream world is a different spiritual place in its entirety. There, all kinds of transactions take place between the sleeper and the spirit world.

Dream is a spiritual source to tap spiritual message, power, blessings, favor and mercy necessary to promote our well being. Godly spirit, and or, angels deliver messages in the dream. People who dream and remember their dreams are blessed with opportunity to know what is going on in the spirit. Such is not the situation with people who doesn't dream at all, or with people that dream but forget their dreams as soon as they wake from sleep. The fact is, when their prayers are answered, they may not know, as dream blackout may take over their hearts with fear and depression of negative thoughts.

Secrets hidden away from men may not be known if one doesn't dream. Great ideas flow in the spirit through dreams. Many great things start in the dream. Many knotty problems are solved in spiritual blackboards as well. As a result, from sleep God unravel solutions. No wonder it is said, is anything too difficult for God? The answer is, No. Your sleep is therefore profitable if you dream, recollect and interpret them.

Another vital reason why it is good to dream and remember is, it often reveal spiritual balance sheet and status of the dreamer. When you ask God what you weigh in the spirit, He will show you. God will make known to you, where you faired and where you failed in the race of life. He is the Master where you are the servant. He is the Father where you are the child. Thus, you are answerable to Him. A son or daughter can go to his/her father to know how he or she faired. It is the same, when you go to God to know your spiritual status. If you don't dream, or you forget what you dreamt, it may be impossible to know your spiritual status, and or, steps to take to improve your lot in life.

The question that readily comes to mind is, if you do not dream, how can you know what God wants you to accomplish in life? It is your responsibility to pray and ask God to reveal relevant facts and figures that will benefit you. When you tell God to reveal what you are, and what to pursue in life, you will pray while God answers through dream. A lot of things may go wrong with your spiritual life, which may hinder you from progressing. This can be known if you dream and remember your dreams. The question now is, if you do not dream at all, or you dream and forget, how can you know? The fact remains, the spirit controls the physical. Thus, if you have talent to dream, elevation will find you out, as revelation of who you are in the spirit can place you in good position.

It is fatal not to dream at all, or forget dreams you dreamed. The way God communicates with people mostly in the Bible was through dreams. God revealed to Joseph of the Old Testament what shall become of him in future. What he dreamt eventually came to pass as he occupied the seat of Prime Minister in Egypt in later years. Through dreams, Joseph of New Testament saved his marriage, the life and our believe in Jesus Christ as our Lord and Savior. If the two Josephs have problems of dream and forget, or they don't dream at all, Joseph of Old Testament may lose direction, whereby Israel as a race may not exist. Pharaoh got wind of impending starvation against Egypt through dreams, even though he could not interpret his dreams. If Joseph of New Testament failed to dream, or is the type that forgets dreams, no one would have believed Jesus was conceived of the Holy Spirit. The Bible reveals that in the past, God spoke through dreams to saints and sinners alike, warning them, directing them, and or, helping them. If the two Josephs were the dream and forget types, and or, they don't dream at all, what may have been their faith? Inability to dream, or recollect dreams are a sure way of heading to an unknown destination. My question now is, are you heading from grass to grace in the spirit, or from grass to grave?

The primary purpose of dream is to give divine revelation to the dreamer. The Holy Spirit reveals secrets to people so as to frustrate plans of the enemy. Dreams can take you back to your childhood and reveal havoc done

to your foundation. In such dream, Holy Spirit gives keys of direction and what needs be done to advance your life.

Dreams and visions speak and re-direct steps needed to take by the dreamer. It can tell you to leave your present job or habitation for alternatives. It can tell you to make certain adjustments in your dealings for better result, all in the name of dreams and visions.

Enemies often gain easy access to attack non-dreamers, and or, people that fail to remember their dreams. It is easy for night raiders to raid sleeps and privacy of such people. Since they don't know of sleep molestation or harassment, their bodies become easy access for dream rascals. Since there is no resistance, they freely attack such body. Thus, when you do not dream, or you dream and forget your dreams, it gives spiritual robbers opportunities to empty you spiritually. They can therefore, steal your marriage, steal your virtues, glory, job and whatever their hands find in you.

Candidates that fall under dream and forget banner are often exposed to disjointed, fragmented and un-coordinated life. They hardly live a focused life, since they do not know when they were attacked. Also, they hardly know when God provide answer to their demands. They believe everything come by chance.

Your inability to dream, or to dream and remember may not allow you be a partaker in activities in the spirit. Hence, you may not have ability to monitor, pray, or change certain events that may devalue your life.

The knowledge of your environment and habitation can be known through dream as well. Many are living a borrowed life today as a result of satanic house they occupied. If they are able to dream and remember their dreams, they won't be under such captivity.

To live in a wrong house, connotes living a wrong life. Whatever good, you lay your hands upon may not be profitable simply because, you don't dream to know the bad or warning signals ahead of you. Your dream life which would have been spiritually guided is exposed to danger of wicked arrows.

The danger of this is that you will be tossed about by wind. You won't apply comma where you should, neither apply full stop at appropriate time.

The advantage of dream and recollect is to enable you be loaded spiritually and take right step at the right time in the right direction. When you dream and forget, such opportunity may elude you.

In dream, there is what we call spiritual negotiation. It is the ability and process to go into prayer to reverse, delay, fast forward or cancel prophetic revelations in the dream. Hezekiah prayed against death prophesied against him, instead of death God added more years to his life. A dreamer may foresee fulfillment of his ambition to be far off or inconvenient, as a result call upon God to fast forward it into fulfillment. This is done through prayers, when such dream is replayed for adjustment. It can be done by praying prayer of reversal, or prayer of moderation that moderates dreams for better. Although, God knows better, the Bible says, ask and it shall be given. You can know the end of a situation in the dream, and with prayer, alter it to suit your expectations. It is good you perfect every transaction in the dream to advance your life. You can do this, if you can remember your dreams.

Some dreams are classified as warning dreams. They are loaded with warnings for the dreamer to take caution concerning present matters or with future. Such dreams may not be good enough to the dreamer; hence he needs to know steps to take to advance his life. In a situation where you do not dream or you forget your dreams, it may be impossible to know warning signals ahead of you.

When you suffer from dream memory loss, your advancement and breakthrough may hit the rock along the line. You may experience obstacles of walls of stagnation, sea of trouble, and various forms of delays. Such hindrances may be revealed to you in the dream the fact that you don't dream makes you dwell in dream wilderness.

Souls are summoned, prosecuted and jailed in the spirit. Really, person so affected may be going about his business but may not get result as expected. Such person meets failure here and there, and is loaded with

complaints and sorrow. He is married to stagnancy and delay in whatever he lays his hands. If you are the type that dream and recollect your dreams, you can rise up to the task in prayer to cancel and nullify wicked judgment passed against you. By this, you can pray targeted prayers, rather than pray empty or general prayer. Thus, inability to dream and remember your dreams, or, dream and remember fragmented parts of your dream is dangerous.

The fact remains that souls are either recruited for evil, invaded, manipulated or satanically controlled by defiant spirits. The aftermath effect is that people so affected may experience difficulties, obstacles, hindrances and reverses if radical spiritual steps are not taken. If you are the type that does not dream or you dream and forget, it may be impossible to know when you are manipulated in the spirit or when your territory is invaded by wicked agents of darkness.

Ability to remember dreams give Christians opportunities to take right steps in the right direction with the choice to either accept or reject the dream. Bad dreams are bad, while good dreams are good. Bad dreams are rejected, cancelled, nullified or sent back to sender. This can be achieved by praying violent prayers, and or, apply blood of Jesus. At times, you may call upon fire of God to arrest the situation to consume wicked instruments fashioned against you. On the other hand, when you dream good dreams you can claim them for fulfillment and manifestation.

Hence, you need to take action by telling God to lead you right. To dream good dreams, and fold your arms without taking step to actualize it is bad. You must work and walk into your treasure of habitation. God wants you to act with faith by taking prophetic steps. When Abraham dreamt, he took step of faith and became father of nations. When Solomon dreamt, he took step of faith and became the wisest man in the surface of the earth, so you must take step of faith, anytime you dream good dreams.

Above all, it is a calamity to dream and forget as you may be cheated in the spirit unnoticed, or stay long in the wilderness of life. But, if your eyes, mind and heart are alive in the spirit, revelations from above shall propel you into dignity.

CHAPTER FOUR

BEWARE OF DREAM FAILURE

Anyone who doesn't dream can best be described as a walking corpse. It is like living an unfulfilled life, as it may be difficult for him to communicate with his creator in the spirit through dream. It is therefore dangerous to dream and forget, and or, not dream at all. For example, if you were dragged into a slaughter house for witchcraft judgment in the dream, you may not know. If you were slaughtered in the dream, which leads to untimely death in the physical, it may be impossible to cancel such dream from fulfillment.

If you are sentenced in the dark court of the enemy, you won't know. If blessing is coming your way, and Prince of Persia countered or confiscate it in the spirit, you won't know as well. You experience such predicaments simply because you do not dream.

There are reasons that lead to inability to dream, or remember dreams which shall be discussed fully in this chapter. When you keep forgetting your dreams, you need to address powers stealing dreams from your memory. There are two major causes of memory loss; they are often grouped as personal or demonic.

Personal memory loss is caused mainly as a result of drunkenness, glutton attitude, sin, wrong counsel and stress. Others shall be mentioned and grouped under demonical influence of dream memory loss. Let's treat the causes below one after the other.

DRUNKENNESS: This is the attitude of taking alcohol in excess. Drunkards lose senses and ability to control their behavior. He loses respect among men and in the spirit. Whatever he does is counted senseless by people. His sleep is not worthy as he becomes inconvenient on bed as a result of toxic running through his blood stream. Such situation makes him experience desert sleeps, compounded with memory loss.

Anyone found in this condition, may find it difficult to remember his dreams. It is like opening doors of his life wide to demons to operate

unmolested. His body becomes unresisting to attacks. He foams in the mouth and smelly to angels expected to pass heavenly message to him. Thus, his attitudes close every door of blessing and opportunities which might be revealed to him in the dream. His heaven becomes brass, surrounded with walls of darkness. Thus, a drunkard can best be described as a living dead person.

GLUTTONY: A glutton is a person who eats too much. To be possessed by glutton spirit is bad. Victim becomes weak and sleepy anytime he over eats, in the day or at night. Whenever a person is overtaken by glutton spirit, he becomes mad for food. A glutton has an insatiable appetite for food. He eats whatever comes his way. He eats anywhere, anytime and anyhow. He is easily possessed and fed in the dream, simply because he never knew how to say, No, when it comes to food!

Anyone possessed by glutton spirit hardly fast, to seek the face of the Lord. Whenever they mistakenly fast, they break with variety of foods consuming both heavy and light foods at a time. In sleep his body is weak, ir-resistant to attacks. Such person hardly have meaningful dream and where message is passed in the dream, he forgets everything as soon as he wakes.

The fact is, his spirit could not match with spirit of God for spiritual understanding.

EVIL COUNSELLORS: Another cause of dream and forget is when one is fed with words of discouragement from evil counselors. There is nothing bad in having spiritual father in the Lord, spiritual mother in the Lord, spiritual sister or brother in the Lord, and or, spiritual friend in the Lord.

What matter most is, how spiritual the person is. Is he or she spiritually balance in the spirit? Can he or she be a good counselor in time of need? Unfortunately, many of these so call spiritual father, mother, brother or sisters are confuse on how to treat matters relating to dream and forget issues. You may hear them say, "God created you that way" "I know of someone facing same fate as yours, many years back" "Yours is not new, many are like that". Thus, several discouraging comments are said to discourage you from thinking about it. They are not wicked anyway, it is

only that your so called father in the Lord, mother in the Lord, or sister and brother in the Lord, are equally ignorant of what to do or say.

DOUBT AND UNBELIEF. This is one of the major tools readily available to strengthen forgetfulness of dreams. There are people who do not believe in dream and so do not dream at all. There are people who doubt its existence, thereby put off their minds from it. Hence, they don't dream at all, or best, they dream and forget. Rather, they argue that dream is a bunch of meaningless riddles and enigmas, which shouldn't be taken serious. Such people are caged by unbelief and miss what might have been communicated to them in the spirit.

SIN: - Righteousness makes a man, sin kills soul of men. You may be in dream and forget saga if you bury yourself in sins. God communicates with only those who are on the same spiritual wave length with Him. This happens when you walk in the spirit; put aside all filthiness and wages war against flesh. Lust associated with casual sex and promiscuity pave way for easy attack. Angels of God may find you unfit for visit, hence he may hold on to your dream message. Thus, if you are not visited, you may not dream.

One can be weighed down in the spirit as a result of carriage of loads and weights. Sin is a load. The moment you keep on sinning you are adding evil load on your head. The more you sin, better you are in the hand of Satan. In as much you are in his care, he can do whatever he wants with you. In such position, Satan can turn your back against the Holy Spirit. He can place dark cotton wool on your face and ears, thereby making you inaccessible to God in the dream. By this, you may not hear from God or see vision any more, which makes you an empty vessel in the spirit. You are therefore empty before God, but loaded with sin that makes you a cheap instrument in the hand of Satan. Hence, you break and destroy Communication Bridge between you and God. You are now on your own!

Spiritual weakness is a weapon that causes forgetfulness in dreams. At this point, it is as if your spiritual candle is burning out, instead of being aggressive in the spirit, you lose interest. Your spiritual interest starts fading, unlike the start of the morning when you were serious and aggressive in church activities. Suddenly, your seriousness with God's work

suddenly drop, prayer meeting becomes uninteresting while bible reading or study becomes a problem. At this point, your spiritual thermostat breaks down, cutting you from the spirit world of God. Hence, dream becomes scarce in your sleep and, where you dream, you quickly forget, making you a dead person in the spirit, lacking understanding of what to do after sleep. The book of Proverbs 21:6a rightly describe the situation when it says, ***“The man that wandered out of the way of understanding shall remain in the congregation of the dead”***

STRESS: - Stress is a condition that causes hardship or disquiet of mind as a result of pressures. Anyone suffering from stress is often exposed to danger of fear and troubled mind. He becomes uncoordinated in matters arising. A stressed person becomes weak even in sleep. As a result, whenever he dreams, it is either revealed after sleep either disjointed or forgotten.

Stress is a gradual killer. It kills flesh and mind without previous warning. It cages one from taking extra mile to achieve beautiful results. When mind is stressed, brain and memory bank is not left out. In the sleep, memory bank becomes weak and sometimes empty. As a result, in dream kingdom, such person becomes helpless and useless before enemies battle ready to raise attack against his memory house. Once subdued, whatever dream that comes his way in sleep is either forgotten or remembered in disjointed or fragmented manner, and or, in meaningless form. Thus, stress add no value to dream life, rather it saps and purge memory banks of a dreamer.

WHEN PRESSED DOWN IN THE DREAM: - To be pressed down in the dream is a gate way to spiritual humiliation by the enemy. The aim of the enemy is to ensure you are in a confused state of mind all the time. Hence, he adopts satanically oriented means to purge, and sap you spiritually. They oppress in the spirit and ensure it manifest in the physical. They press you down in the sleep and bring your spiritual zeal and effectiveness to zero level. As one is pressed down, his spiritual being becomes weak thereby affect his dream memory. When he wakes, he may remember being pressed down but may not remember anything that follows thereafter.

What may have served as dream bank is affected as whatever he dreams is forgotten. He becomes a shadow of himself. Even if he remembered, it is only fragment part of it, he could remember. The simple reason he could not recollect is that fear, dread and confusion has taken over better part of his body and reasoning faculty.

When you are pressed down in the dream fear of the night fills your heart. The Bible says your sleep shall be sweet but the enemies will say, No. Such powers arrest souls and harass them in the dream. Such powers can be called environmental forces or household wickedness. They attack memory banks of people and make things difficult for them. They make victims walk around breakthroughs without fulfillment.

CURSE: - A curse is a word, phrase or sentence calling for punishment, injury or destruction of something or somebody. It is a violent language against a person. Curse is never uttered for good intention. It is an act taken either out of vengeance, jealous or wickedness to unleash terror on a person. Thus, one can unknowingly be under a curse issued. Curse makes one suffer and experience misfortune and ruin in the course of time.

Curse is a satanic statement spoken against a person to cause him reverses life. Good memory is a blessing from God, but enemies fight hard to alter it. Such alteration causes delay in his thinking faculty. Wicked souls can place hidden curse on people either in the day or at night .Charms and incantations are used to perpetrate this against unsuspecting victims. Sometimes your biological data (name of the mother, and or, father) are part of instruments used to facilitate such evil acts. They strike by cursing you and your sleep.

If a person is not prayerful enough, he may discover that his dream life suddenly seized, where he is opportune to dream; only a fragment of it is remembered. At the end, he will not be able to fashion out his dream in concrete term or by description. He will be confused and unable to narrate his dreams in detail. Curse will not only paralyze your dream life but shall make you unfit for spiritual battles.

INCISION: - This is an act that has multiple effects on a person. Incision is the act of cutting your body, rubbing it with satanic powder, blood or leaf materials for a purpose. It is believed, it has seal against advances of powers or attacks of the enemy. Incision can be equated to covenant. Most incisions in the body or on the head attract blood. When blade or sharp object is used to mark the body or any part of the head, blood will come out of such part so cut. What is rubbed on such surface is either blood of a fowl, pigeon or animal. There is a sort of blood covenant un-noticed by the person involved.

When your head is marked as narrated above, and rubbed with satanic powder or blood, a message is passed to the brain. Since you do not know the content of substance rubbed on your head, it will be difficult to reject its effects. Satan doesn't give free gift. Hence, you are bound with silent agreement you know nothing about. He may as a result corrupt your dream memory, cause you memory blackout, or apply spiritual eraser against your dream system whereby, you won't remember your dreams at all, which serves as price paid for the protection you received through incision. He has every legal ground to claim this against you because you are now at his mercy.

Incision can thus be linked with dream memory loss. As it is often said, it is better not to know Satan than share tent with him. Many who are captivated by dream memory loss are architects of their predicaments.

LAYING OF EVIL HANDS: - The laying of evil hands on your head in the spirit or in the physical, may rob you of your visions and dreams. A victim may lose his dream memory this way, if cornered by such demonic personality. When you are noted to be gifted, attacks may come in different forms, including strategy to wipe out your dream magnet. They are satisfied once your memory bank is rendered bared.

There was this man I met some years back who suffered loss of vision as a result of evil hands laid on him. He said, he was under priesthood training when the incidence happened. At tender age, he use to see visions and was gifted in dreams. His vision was accurate as A, B, C, while his dreams

came to pass as if it was pre-arranged. He said one day, his master called him to his office, gave him bitter kola to chew and lay hands on his head and made some silent statements which he could not hear. After this, he told him to go. This man said, ever since this encounter, he dreamt no more, while vision becomes scarce commodity in him. By the time he narrated little story of his life, one can easily see poverty and wretchedness boldly written on his face.

Many lost their talents, visions and dreams this way. It takes grace of God for such people to regain their spiritual being if affected this way. For such people, the Joseph in them may suddenly die, while Daniel in them may disappear unannounced. Hence, they become empty men and women in the kingdom of dreams and visions as their talents are punctured or polluted by wicked ones. In the case of the gentleman narrated above, he lost his divine baptism of dreams and visions unannounced!

EVIL BARBERS: - Dreams can be affected as a result of criminal acts of evil barbers assigned against ones sleep. In the spirit hair represents glory. Therefore, whoever tampers with your hair tampers with your glory. Hence, your thinking faculty may be affected as it has direct relationship with the brain. It therefore means, barbing, weaving, adulteration of anything that affects hair in the spirit may affect your dream life. Anytime attack is unleashed, it may start as temporary problem, but later become permanent problem of not dreaming at all.

When strange fellows barbed you in the dream, it portends wicked acts of stealing goodness from your destiny, your memory bank included. Once a thief steals from someone, it becomes almost impossible to collect it back from him. At this point, war of recovery comes in. While victim felt bitter and go into prayer to recover what he lost, enemy is bent from releasing it. The focal aim of enemy is to use instrument of bewitchment to erode victim's memory, and introduce sorrow, demotion and emptiness into his life. Such are the tragedies of evil barbers in the dream.

EVIL SCALES AND VEILS ON THE FACE: - A covered face knew no direction. A blind man, it is said, cannot lead a blind fellow or else both will fall into the pit.

When a face is covered or tied with dark cloth or band, darkness is introduced into such life. Signal of blackout is sent to the “memory house” of the victim. The effect is, his vision becomes blurred, while heavenly message to him becomes corrupted. Once this is achieved, a vibrant dreamer is captivated, never to remember his dreams any more.

CHAPTER FIVE

DEALING WITH DREAM ERASERS

Dream erasers are agents of darkness that attack people with spiritual blackout. They attack and erase dreams from memory of victims. The normal thing after sleep is to dream and remember your dreams, but this is not so with many. They are denied such opportunity as a result of attacks against their memory banks. Anyone so attacked is left empty and spiritually powerless, in matters relating to dreams and visions.

To receive message and retain it while asleep becomes almost impossible. Enemies of sleep cause memory loss on victims and ensure they don't remember what they dreamed. They sow seeds of forgetfulness in the lives of victims and paralyze their spiritual awareness. Someone who use to dream with accuracy may suddenly turn a dullard in the territory of dream kingdom. As a result, warnings he ought to receive in the dream seized, as nothing is remembered again.

Such attacks equally affect people who use to dream before, but suddenly becomes candidates that lost their dream track records. They exposed to empty sleeps, counting sleep liabilities, instead of sleep assets, that add value to life. Their sleep balance sheets are often in red, where liabilities swallow assets in sleep.

In time past, such people are good dreamers, but suddenly they lost out. The fact remains, their spiritual eye glasses got broken or stolen by wicked ones in the spirit, leaving them in the cold hands of dream failure. Hence, they lost their spiritual right to dream, remember, or receive message from above.

They eventually become story tellers, telling stories of how they use to dream with accuracy in the past.

Dream erasers contribute grave spiritual multiplier effects on people. They reduce victims to valley of life and encroach on their spiritual liberty. They often have landslide victory on people unchecked. The fact is, hope is not lost, as there is power in prayer. Today, you shall apply your spiritual right

to pray and get result, as it is your right to dream and remember your dreams.

Hence, we shall go into violent prayers below and destroy wicked agents assigned against your dream life. After praying the prayer points, you shall go and pray all prayers written in later chapter of this book, titled **PRAYER OF LIBERTY**.

PRAYER POINTS

1. I inject blood of Jesus into my memory bank in the name of Jesus
2. Spiritual blackout, leave my life by fire in the name of Jesus.
3. I shall not be an onlooker where dreams are discussed in the name of Jesus.
4. O Lord, let my story change today in the name of Jesus.
5. Dream generator in my body, awake, come alive in the name of Jesus.
6. My spirit being receive energy from heaven in the name of Jesus.
7. Anywhere my spirit is caged; receive energy from heaven in the name of Jesus.
8. *I shall not dine with agents of blackout anymore in the name of Jesus.*

CHAPTER SIX

DEALING WITH SPIRITUAL BLACKOUT

Dream spiritual blackout mean emptiness caused by dream erasers in the memory of people. Spiritual blackout foretells inability to dream when asleep. People so affected find it difficult to give accurate definition of dream, as they don't dream at all, and or, forget what they dreamed. Such people often hear others discuss dreams, but don't experience such in sleep. They lack what generate dreams in the sleep. Their memory bank is empty.

As in economics, the law of demand and supply applies to memory banks in the spirit. Memory banks demand spiritual information from above in the spirit and is given out (supply) to the dreamer after sleep. It is when these apply, that is, spiritual principle of demand and supply, a dreamer is opportune to remember his dreams and find meanings to them.

To realize this noble objective is what Satan hates. His agenda is simple, to keep you in dream wilderness. Really he may keep your spiritual generator (soul) alive, but shall cage it from operating rightly when victims are asleep. Thus, enemies can allow your spiritual electric current (soul) work, but not connecting. People so caged, cannot receive signals from the spirit realm as their souls are caged in the prison of darkness. Hence, such person becomes spiritually weak.

Anyone who suffer from spiritual blackout can be likened to an electric generator suppose to be in good working condition which lack supply of light. Really the generator may be working fine, but due to one technical fault or the other, light may not be generated. Also, every electrical and mechanical aspects of the generator may work fine, but bulb that supplies light may not be there. As a result, for one reason or the other, blackout exists. Such is the situation with memory blackout.

In every blackout nothing good comes to play. Anyone so affected, may not carry out spiritual assignments as expected. Blackout cause spiritual restrictions as victim may not know steps to take on issues on ground, even when he prayed, as his medium of communication is either polluted or erased. His management style will be affected, making his moral value and

thoughts low. Dream blackout is bad. It encourages evil and multiplies energies of evil doers. It is in such situation, night raiders operate, troubling souls unchecked.

It is common for dark agents to place evil seal on people's memory to hinder them from carrying out spiritual communication with the heavenly. When such seal is placed, victims experience dream blackout. Hence, such victims is denied spiritual package God has for them.

When the spirit of a dreamer is caged or imprisoned, it becomes almost impossible for him to dream and remember. Once his spirit is caged, he will experience spiritual blackout as his spiritual memory bank is affected. Dark agents or powers can cause blackout in one's life when the spirit is caged or imprisoned in dark rocks, evil forest, dark water, inside an animal, and or, in any part of dark kingdom operating against your life. When a victim is so caged, he may find it impossible to dream.

As a result of evils perpetrated by dark powers and the effects felt, strong step and prayers need to be said. To address this issue, you shall pray a number of prayer points below. Thereafter, you shall go to later chapter of this book titled, **PRAYER FOR LIBERTY**, which address every issue concerning, dream and forget. By the power of the living God, after praying these prayers you shall remember your dreams clearly, as you remember your names!

CHAPTER SEVEN.

DEALING WITH FRAGMENTED DREAMS

People affected by fragmented dreams often suffer from dream fragmentation and lost in recounting dreams. They forget most of their dreams as soon as they wake from sleep. They knew quite well they dreamed while asleep, but they could not recollect them after sleep. They often complain, "I remember only few of my dreams". While many in this category recollect half of what they dreamed, some hardly remember a quarter of theirs. Really, they dream, but can't remember all. This is a fatal spiritual error that gives Satan opportunity to dangle his wicked hammer against destiny of people through dreams.

Mostly when dreams are in fragments, it becomes almost impossible to deduce picture out of it. Brain becomes dry, while mind is troubled. Anxiety rules the mind, fear rules the heart. The spirit, soul and body become un-coordinated. To recall events and words spoken in the dream becomes almost impossible. Only fraction of what they dreamed is remembered, thereby causing them wounded spirit among dreamers.

A wounded spirit never co-ordinate well. When mind is hurt, you hardly recollect what you dream after sleep. Constant hurts, heartbreaks, and sorrow can poison the spirit, which may eventually lead to bitterness, hatred, un-forgiveness and malice.

This may rule your heart and cause blockage against spiritual messages in sleep. This is so, because it is almost impossible for such spirit to co-ordinate with Holy Spirit in the dream. Hence, your spirit man may not hold together messages and information passed in the dream. As a result, you will often see yourself remembering your dreams in fragments, disjointed and un-coordinated.

There are powers attached to such attacks in the spirit. People in this category may have suffered from serpentine bites or spits that affects their eyes in the spirit. Also, they may have encountered evil breeze that paralyze memories of people. Some may experience blow of evil dust into their eyes, thereby making it impossible for them to figure out what they

dreamed. Anyone so affected this way may experience broken link with God through dreams.

If you know you suffer from fragmented dreams, I strongly advise you take to the followings. First, do not rush out of bed when you wake. Try as much as possible to stay calm and quiet on the very part of the bed you slept. Do not rush out of bed as other events may interfere with your meditation!

The second step is, as you are on bed, have your eyes closed with a set mind, praying in tongues, concentrating on the Holy Spirit for spiritual intervention.

Before you know it, lost dreams will come like a flash! It is the work of the Holy Spirit.

CHAPTER EIGHT

THE WAY OUT

Inability to dream and remember is not a spiritual matter one should fold alms and look elsewhere. It is high time this issue is addressed with sincerity, seriousness and action. Really, answer must be provided to this ugly spiritual issue call dream memory loss. I say, again, there must be a way out of this spiritual mess.

The fact remains; there are lots of organized crimes going on in the spirit world. What takes priority in the scale of preference of Satan and his agents in the dark world is how to fashion instruments of war and wickedness against the sleep of men. They know once a victim is attacked and captured in his sleep, his fall becomes an easy walk over. These days, enemies are wild against innocent souls. Arrows of memory loss are fired on daily basis against unsuspecting victims. Complaints of memory loss in sleep are common and agonizing as stories are told and heard. Cries and complaints of, “I cannot remember my dreams anymore”, and, “I can only remember few, and not all the dreams I dreamt”, are common today.

Hearts are disturbed. Souls are languishing in captivity. Many were robbed of dreams and visions. Their goals and visions cannot be accomplished any more. In the light of this, everyone concerned must rise to the task and fight every power causing dream melancholy in the spirit. Strategies and wiles of the wicked against our sleeps must be nipped in the bud. We must curtail every activity of dream criminals pursuing souls about in order to harm them. Hence, radical spiritual step must be taken to address this issue. Something must be done fast now, delay may be dangerous. I say again, it is now, not tomorrow.

Therefore, put on full armor of God for warfare prayer. Stand firm and never fear. Dress up as a combatant soldier of God. Put on the belt of truth, buckled around your waist, with breastplate of righteousness in place, your feet dressed with heavenly boots to match upon every cobra and scorpions to death. Put on heavenly helmet on your head, hold sword of God in your hands ready for battle. Let your heart be clear, and fear no more. Above all, take up the shield of faith, so that you might dream and remember your

dreams. Pray the prayers in this book and be ready for an answer. Wicked powers behind your dream trauma shall vacate your life and die.

The battle line is drawn. You must rise, move and go to the gates of the enemy and possess your possession, possess your right to dream, and recover what you lost in the past as a result of memory lost. Hence, you must rescue yourself from every form of wicked hammer fashioned against your sleep.

The plans of the enemy against your success are many. Their plan is to arrest your brain, bury your talents, swallow your glory, frustrate your plans, divert your destiny, assault your personality, demote your destiny, reverse your objectives, pollute your life, empty your treasure, molest and harass you in the spirit, delay your progress, abort your plans, press you down at will, plant sickness in your body, prosecute and jail you in the spirit, and what more, hijack your star and kill you.

It is time you draw battle line against dream raiders assigned to raid your sleep at will. They are wicked, merciless and faceless. They do evil with pride and arrogance. They project themselves into dreams of people, and wreck untold havoc against their destiny. Questions that may likely strike your mind are what can be done to destroy wicked tact of the enemy? Can there be hope at the end of the tunnel? Is it possible to recover from the hook of dream and forget syndrome? The answer is, yes, there are ways out. What we shall study in this chapter will give us relief from panic of dream and forget syndrome.

The first vital instrument is to **pray and be released from spiritual vacuum of dream and forget syndrome**. As a Christian, you need to spend time with God, since prayerlessness makes the old man (flesh) rise above spirit man that makes one helpless in the hands of dream criminals.

It is difficult to know mind of God without spiritual revelation. You need to **straighten your future, making your soul ready for dreams**. To straighten your future starts on your knees through prayer. Pray and be in the spirit all the time. Not until you are in the spirit, you cannot connect the voice of the spirit. You need to be spiritually loaded. Spiritual code is the language of the spirit. Just as man hears man, monkey hears monkey, snake

hears snake, and birds hear birds, so do spirits hear spirit. Once regenerated spiritually, you are linked with God in the spirit, making your dream clearer and retentive.

One thing is to dream, another thing is to remember what you dream. After this comes ability to decode dreams. Hence, **you need ability to decode what God is saying**, as most messages are revealed to us in coded languages. It is when you are able to decode your dreams, you will know meanings attached to it and the prophetic steps you need to actualize or fulfill them. Dreams form spiritual warehouse of information in the spirit. When we wake, we tap from this information warehouse and find meanings to our dreams. Thus, you can't develop information from empty treasure; you must dream and remember your dreams, culled from information dream box in you. The quality of your dream memory, coupled with ability to interpret them, determines the quality of output generated from your dreams.

Brethren, you need to **pray prayer of transformation and be transformed** from dream mediocrity to a dream master. You must be a champion in dream interpretation in the manner of Joseph who interpreted dreams with accuracy. To achieve this fit, you should be born again, far from sinful acts. It is said, **“God formed us, sin deformed us, Christ transformed us”**. As you are transformed, forget about sins of yesterday, think how you can build yourself into the laps of Christ today, as tomorrow shall solve itself. Know this, yesterday is dead, tomorrow never come, today is therefore the most important day in your life. It is good to be born again now (today), for Christ's transformation.

Another way out is to **pray Holy Spirit intervention prayer**, asking Him to bring back dreams or visions you forget. It is high time you call on Him to refresh your memory against dream attacks. When your memory is refreshed, your dream life shall improve considerably. Do not fold your arms looking other way, rather take prompt action. Pray against blind powers of demonic spirits. Pray against spiritual cataracts and glaucoma. Wage war and attain spiritual independence. The earlier you pray against dream erasers assigned to frustrate the fulfillment of your destiny, the better.

To obtain direction through dream, you shall open your eyes, ears and hearts to God. Put **aside all filthiness of the spirit and of the flesh** that may stand as hindrance against you. Avoid every form of contamination. Learn to tune into heavenly wave length, if you must catch His voice. Our God is holy, He speaks to holy people.

There is need for you to **overhaul your environment with prayers and anointing**. Take vigilance of where you sleep. Take audit of your sleep life as well. Ask questions like, do I dream and forget in this house or where I slept last. Do I dream and recollect my dream, before now? Do I experience any strange attack? The fact remains; there are some locations that negatively influence dreams of a dreamer. Such place must be sanctified and cleansed to avoid further attacks and occurrence of deficiency. Pray the prayers that will overhaul you as well. Therefore, sanitize your bed window, doors, walls and roof as well against night raiders. Once your habitation is cleansed, your dream life would change for good. You will start to remember your dreams as if your past experience was a lie.

Another major instrument for a way out of dream and forget syndrome is to **write down your dreams when you wake**. This should be done immediately you step out of bed. The fact is, many remember their dreams when they wake, but the moment they open their mouths and greet or discuss, they forget almost what they dreamt. They will struggle to remember, but it won't come!

In such situation, I advise you write your dreams as soon as you wake from sleep. To achieve this, every night before you sleep have a pen and paper, booklet or journal titled, "Personal Dreams" or "My Dreams", beside you on your bed, or under your pillow. By doing this, your writing materials will be reachable as quickly as possible. When you write your dream this way, it makes you remember it in greater detail. When you record your dreams, include each dream with date and location, whether at home or on vacation. By recording a dream and what it appears to mean you can check back later to see if you are correct in understanding its meaning or not. This also appears to be the safest and quickest way to learn how to interpret dreams correctly.

Another vital way out of this spiritual vacuum of dream and forget syndrome is to **have personal audit concerning your dream life**. By so doing, audit the last dream that led to your predicament. What you see, observe or collect in the dream may affect your dream life.

CASE STUDY NUMBER ONE

A sister said she use to dream and remember her dreams with accuracy word for word and action for action. Her dream were like visions, whatever she dreamed came to pass like snapped pictures. It always happens as dreamt, even where it concerns other parties. According to this sister, her story changed when she dreamt of receiving presents of empty jars in the dream. Her mistake was when she woke from sleep, she never cancelled the dream or pray to nullify it. The fact is, she could not even decode the dream not after many years have passed. The sister never knew that empty jar represents emptiness and frustration. The empty jars she received in the dream was proverbial, meaning, her memory house is henceforth emptied of dreams. Ever since she collect the empty jars in the dream, her problem of dream and forget started. It was when she went for counsel and violent prayers she was able to regain her lost memory in dreams.

CASE STUDY NUMBER TWO

A brother who does not suffer from dream and forget problem, suddenly found himself caged when he had this terrible dream. He dreamt where he was attacked by evil breeze in the dream. According to him, he experienced paralyses in the left region of his hand, living his eyes blind, while his left hand and legs paralyzed in the dream. When he wakes from sleep, he could faintly remember what happened in the sleep. He never took it serious, but cancelled it with light chocolate prayer and went about his normal business. The target of the enemy was to paralyze and destroy his dream memory, which they did. Ever since the day he dreamt this horrible dream, he never dream a single dream again! His memory bank has been affected.

Dream paralysis is a satanic projection that cripples social, spiritual, emotional, financial and marital destinies. Hence, anyone who dreamed of

paralysis need to seek for resurrection power of Jesus to visit any area of his or her body so affected. This is another method Satan use to sponsor emptiness into people's life.

Also, you need to **be a disciplined soldier of Christ**. Discipline is the soul of an army. You are either a man in need or a needed man to put things straight for others. When you know your personal responsibility, it will challenge you to grow. If you must conquer the world, you must first conquer yourself. You must not live your life anyhow or anywhere. You must not go anywhere without sound mission. You must not sleep anywhere you find yourself. Do not live a life without boundary. Avoid every broad and wide ways that lead to destruction. You become cheap by going for cheap things. Nothing is cheap or free. The air you breathe is free, but you dare not live or move close to polluted environment having free but polluted and dangerous air to breath. The Bible says, narrow is the way to life, broad is the way that leads to destruction. This is saying you must have boundary in whatever you do. A life without boundary ends in failure. It is the boundary that guides our ways. It is better you break the yoke, before it breaks you. If you are not disciplined, you end up as a man of no value. Brethren, I say again be disciplined.

Another vital instrument you can use to retain your dream is to **read the Word**. When you receive revelation (Rhema) in God's word, the word carries power to guide and attract Holy Spirit unto your life. When you are renewed by the Holy Spirit, your spirit man awakens to life, making your dream real and firm. It is good you allow your mind to think about things of God. Expose your life to the Word, and the Holy Spirit shall dwell in you.

Also, **build a mind that welcomes message of God through dreams**. Tell God to redesign your mind and heart for visions and dreams. The mind is where design is made. Here you need to build your heart for design. If you don't dream, you may not have accurate design to propel you into greatness. This is the reason why you must remember your dreams all the time. You must be a metamorphosis in life. As you renew your mind, you shall experience spiritual growth. The raw material in your hands and your design ability in spiritual refinery gives fine designs that will elevate you as architect of good things that befalls a man.

Apply operation a do it yourself approach. No one can make a failure of you, but you. Your best is still in the future, not yesterday. Whatever the situation, forge ahead and move forward by fire. The fact is, no one can feed on your behalf; you need to feed yourself. No one can go to toilet for you; you need to do it yourself. No one can drink on your behalf; you need to drink water yourself. No one can dress on your behalf, you need to dress up and go about your daily activities. You cannot delegate your responsibility to others, or else, you lose out. It is you that need to cry out to God for spiritual visitation and power; spiritual awakening and success.

Another vital way out of dream and forget is to **reject and kill powers behind your predicaments.** If you notice you suddenly lose track of your dreams after sleep due to attack, call upon fire of God to consume every power behind such attack. Reject and return every strange thing given you or used which caused it. Use authority which God invested in you to cancel, reject, command or issue a decree against it.

At last, you shall be a winner!

CHAPTER TEN.

NINETY-NINE DECREES.

Prayers under decree are divided into three phases:-

1. **Lamentations and Petition 1-30**
2. **Warfare and Battles 31-77**
3. **Confessions and Possessions 78-99**

Cry to God for dream fulfillment. Call upon Him to feed you with heavenly food in your sleep. He sees the future before it unfolds itself to us. We only see a day at a time, while our Father in heaven sees all, now and far beyond.

Hence, you need to fight against narrow spiritual visions and weak commitments with God. Arrest every step that makes you wander far away from dream kingdom. Fight hard and experience dreams flowing from heavenly bank of dreams.

Prayer is a paramount key to success. The more you are prayerfully committed, the more you build faith in God. With the prayers here, believe you shall recover from dream failure. The psalmist says, ***“The young lions do lack, and suffer hunger: but they that seek the Lord, shall not want any good thing” Psalm 34:10.*** God is still in the business of answering prayers. He can't let you down. He knows you more than you know yourself. Before you open your mouth, He knows your petitions and answers you accordingly. All you need to do now, is to concentrate in prayer for dream revival and expect positive revelations.

With fresh fire and vigor in you, move forward in prayer and claim your rights by fire. Hence re-dedicate your life to God in holiness and in prayer. Finally, call it quit with anti-testimony powers assigned to sink or pollute your dream life. Enough is enough.

Your prayer tonight shall involve application of anointing oil on your head, eyes and mouth as directed below. I plead you buy small bottle of anointing oil for this purpose. Follow the instructions as given and expect miracles forthwith. As soon as you pray on the anointing oil, place it safely on one

side and continue with your prayer. Thereafter, you shall go into decrees of Psalms and pray the prayers.

STEP ONE: - Pick your anointing oil, raise it to the heavenly and pray like this:-

OPENING PRAYER

O Lord. I raise this anointing oil unto you for signs and wonders in respect of my predicaments on dream and forget. Let it meet your eyes for mercy and favor. Let my petitions be accepted before you for power.

Let your fire enter it, let blood of Jesus flow into it. Let powers of deliverance change its content for signs and wonders. Let the oil become sacred and powerful. Let fire of revival take over its functions. Let the anointing oil destroy works of darkness assigned to pollute my destiny and dream life. Let the anointing oil empower me spiritually in the name of Jesus.

You this anointing oil, God has ordained you as my divine multipurpose instrument of connections and power. Therefore I speak unto you to destroy every works of darkness that placed me in bondage. When I say loose, obey me, hence loose every dark veil, rope, tread or whatever means enemies used in binding me spiritually. When I say dissolve and destroy, do it quickly in the name of Jesus. Hence, you shall dissolve and destroy every evil plantation holding me captive in the territory of dream kingdom.

As I apply this anointing this day, turn me to a heavenly person entirely. After anointing, comes changes in ones life. When Saul's head was anointed, he became a changed person entirely. When David was anointed with horn of oil, the power of God came mightily upon him and he became a changed person. When the sick is anointed (James 5:14), he is revived. Therefore, when I apply this anointing oil on myself, I shall become a changed person in the name of Jesus. My situation shall change for good. My destiny shall change for signs and wonders. Dream blackout shall vacate my life. My dreams shall become clean and clear, unpolluted and never in fragments. Dreams shall flow in my system undisturbed. I shall be the head and not the tail. My spirit man shall not be rubbished by the enemy. Every affliction against my spirit man shall die. As a covenant child, I am free and shall be free indeed. My God is my redeemer, I am redeemed

and free for ever, from dream blackout and from the claws of dream erasers.
Amen.

As I shall apply this anointing oil, my prayers shall ascend to heaven for signs and wonders. And so, shall it be in Jesus name, Amen.

STEP TWO.

HEAD

Rub your head with the content of anointing oil in your hands as you pray thus:-

PRAYER

My head, you are the symbol of my glory. As I anoint you today, let my glory shine. When Saul's head was anointed his glory shine, when David's head was anointed his life changed for good. Therefore Lord, as I anoint my head today, let your power fall upon me. Turn me to a powerful changed person that shall route out evil deposits from my life and kill every dark power in charge of my case.

My head, receive special anointing from above. Hence, any power assigned against me from the pit of hell shall die in the name of Jesus. Every arrow fired against me shall backfire and consume the sender. My head is sacred, and so, it shall not be rubbished. Any power assigned to torment me shall fail, for it is written, ***“Do not touch my anointed ones, do my prophets no harm”***. Thus, as an anointed child of God, whoever attack me shall not prosper.

My head, I anoint you with heavenly anointing oil to prosper and remain blessed. My God shall fight for you and I shall be a changed person. O Lord, chase every rascal spirit troubling my soul in the dream. Let every contrary deposit on my head die. Let all veils of darkness on my head catch fire. Let my memory bank become fresh. Let every consequence of laying of evil hands upon my head and every arrow of darkness fired against my person backfire. What I lost as a result of evil arrow I recover back by fire.

Anointing that makes one a changed person fall upon me in the name of Jesus. O Lord, let your power locate me by fire. Let your name find place in my mouth in the dream. Let your power of anointing magnetize dreams to my memory bank. As I anoint my head (anoint it again), let me see visions, let me possess retentive memory, let dream become part of me.

As David rightly said, ***“You anoint my head with oil, my cup overflows”*** *Psalm 23:5*. Let this anointing oil bring heavenly blessings, favor and

mercy unto me. Let my cup of dreams overflow. Let me experience joy over dream blackout. Empower me to remember what I dream in the name of Jesus. Do this for me, O Lord I pray. Amen.

STEP THREE.

EYES

Anoint your eyes with anointing oil in your hands and pray like this:-

PRAYER

O Lord, I anoint my eyes with this blessed heavenly anointing oil. Let power of vision flow in my eyes. Let power of anointing to see, recognize, and remember dreams fall upon me. Let veils of darkness placed on my face disappear by fire. Empower me to recover my spiritual eye glasses in the hands of the enemy. Let every laying of evil hands that affects my vision expire by fire today. Let every spirit of blindness that holds me captive die. As from today, I shall dream, see, and remember my dreams by fire, in the name of Jesus. Amen.

STEP FOUR.

MOUTH

Allow the drops of anointing oil into your mouth. Swallow it and place the bottle safely in a place and pray like this:-

PRAYER

I swallow this heavenly anointing oil into my body system for signs and wonders. O Lord, as the anointing oil pass through my mouth and throat down to my abdomen, let miracles happen in my life. Let deliverance follow suit. Let all contrary deposits in me die. Let powers that swallow dreams and testimonies vacate my life and die. Let evil stores that conceal my dreams in me be pulled down. Let evil plantations in the garden of my life die. Let all conscious and unconscious covenants troubling my spiritual life break. Let distress and afflictions working against my dream life expire today. Let every dream calamity in my life die, in Jesus name I pray, Amen.

STEP FIVE.

BEDDINGS AND WARDROBES

Anoint your beddings and wardrobes with the fresh powerful anointing oil in your hands as you pray like this:-

PRAYER

You this anointing oil in my hands, I apply you upon my beddings and wardrobes. Let fire in you kill every dark agent dwelling in you. Let blood of Jesus inside this anointing oil paralyze and destroy every works of agents of darkness dwelling in my beddings and wardrobes. Blood of Jesus, paralyze their activities by fire. Let every evil plantation dwelling in you die to the root. Let Holy Ghost Power, take over your place. Let powers assigned to paralyze my dream die, in the name of Jesus I pray, Amen.

Fresh anointing of God, take over my beddings and wardrobes. O Lord, as I do this today, let me remember my dreams. Let my beddings and wardrobe become holy and acceptable before you. Let all contrary powers dwelling in them vacate by fire. Let your angels dwell in my habitation relay my dreams to me.

Hence I declare as follows, I shall dream and remember my dreams. My beddings and wardrobes are declared holy. Every contrary power dwelling in my habitation shall die, never to rise again, Amen.

STEP SIX

DOOR ENTRANCE, WINDOWS AND WALLS

Now apply the anointing oil on your door entrance, windows, walls etc and pray like this:-

PRAYER

As I apply this anointing oil on my door entrance, windows, and walls of my house, let power of God take over my dwelling. Let powers that dwell in this anointing oil perform wonders in my habitation. Holy Ghost Power, turn every door of my house to doors of fire, my windows to windows of fire, walls in my house, to walls of fire and roofs in my house to roofs of fire. Let divine fire of God consume every contrary power residing in you. Let every contrary power assigned to disturb my dream life be barricaded by fire.

O God, destroy every satanic door, gates, windows, walls and roofs co-operating with enemies against my life. Overthrow and kill strange powers taking charge of them. Rout out every ancient door, gates and windows in my habitation.

Therefore, let every ancient door and windows assigned to barricade my angels of blessing from visiting me in the dream catch fire and roast to ashes. Thou ancient gates and doors you are condemned already. Hear what the book of Psalms say, obey it by fire.

***7 “Lift up your heads, O you gates
Be lifted up, you ancient doors,
That the King of glory may come in***

***8 “Who is this King of glory?
The LORD strong and mighty,
The LORD mighty in battle.***

***9. Lift up your heads, O you gates,
Lift them up, you ancient doors,
That the King of glory may come in,***

10. Who is this King of glory?

***The LORD Almighty-
he is the King of glory”***

Psalm 24:7-10.

Henceforth, all ancient doors and gates troubling my soul shall bow and die in the name of Jesus. Angels of Living God visit my sleep unhindered. Thou heaven, announce obituary of contrary powers causing blockage against angels of God from visiting me. Let fire of God chase every contrary power in my habitation, for my house is inhabited with fire of Holy Ghost.

Thou dark agent outside my house I barricade you by fire. Hence, my entrance shall become consuming fire before you. Anyone that prove to be stubborn among you, fire of God shall paralyze, blindfold and break your wings in the name of Jesus. Therefore, you shall operate no more in my vicinity, in the name of Jesus Amen.

Henceforth, my habitation is declared holy, and shall remain holy, for ever and ever, Amen.

STEP SEVEN.

THANKSGIVING

Give thanks to the Almighty God, for what he has done tonight.

I thank you Lord, for the prayers so far. I thank you Lord, as you shall usher me into decrees of the books of Psalms, I shall pray next. I thank you Lord, after praying this prayer you shall restore my dream memory to enable me dream and remember my dreams to the letter. Amen.

Now go to the next prayer session and pray through all prayers of decrees in the next chapter.

DECREES, USING THE BOOKS OF PSALMS

LAMENTATIONS AND PETITIONS

DECREE NUMBER ONE

***“If you, O LORD, kept a record of sins, O LORD, who could stand? But with you there is forgiveness, therefore you are feared”
Psalm 130:3-4.***

O Lord, I am a sinner, my cup overflows with sin. I am a person of multiple sins. In my mother’s womb, I am a sinner, because by biological parents are sinners. I fed on what they ate while I was in the womb. When I was put to bed, I was welcome into this sinful earth by sinners. Thereafter, when I knew what is good from bad, I took side with sinful acts. This qualifies me a sinner before the Lord.

O Lord, if you kept a record of sins, I am not qualify to open my mouth before you. Your holiness is incomparable. Your majesty is unpolluted. Your hands are clean. I cry unto you for forgiveness and power to resist sin. My sins led to dream predicaments in my life. Dream blackout ravaged my life. I forget my dreams so easily, where I remember them, it is in fragments.

O Lord, I call upon you for the forgiveness of my sins and the resurrection of my dream in the name of Jesus. Amen.

DECREE NUMBER TWO

“He is like a tree planted by streams of water, which yields its fruit in season and whose leaf does not wither. Whatever he does prosper”

Psalm 1:3.

Father Lord, you created me for excellence, and by your grace to yield and harvest my labor bountifully. You created me for fruitfulness, but my spirit in the dream is hurt by agents of darkness. I hardly remember my dreams any more. My sleep timetable is polluted. My spiritual connection is under attack. I am but a struggler in the territory of dream kingdom. Hence, I call upon you to free me from wilderness of sleep blackout. O Lord help me out. Let me recover my dream life by your magnetic power. Let powers and magnets to remember dreams dwell in my brain.

I decree streams of divine water of resurrection to operate in my life. I decree your presence into my life. I decree power of dream and remember to locate me by fire and command my dreams to yield fruitful results. Hence, I curse every spirit of dryness in me to die, for ever and ever, Amen.

DECREE NUMBER THREE.

“He brought them out of darkness and the deepest gloom and broke away their chains”

Psalm 107:14.

O Lord, save me from power of darkness. Break chains of darkness holding me captive. Clear every forms of power of darkness holding my sleep into ransom. Redeem me from the hands of my foes. Let my hunger to remember my dreams receive answer. Let era of dream and forget in my life be a thing of past. Bring to an end every form of storm assigned against my dreams. Exalt me O Lord in the presence of my enemies. Save me from sleep distress. Let smiles of joy find place in my face. Heal me of wounds inflicted on me by enemies. Scatter the plans of the enemy to enslave me in the dream. Pour anointing of remembrance upon my head.

Hence, I decree wonders into my life. I decree light of God upon my life, to heal and perfect wonders in my dream life, in the name of Jesus. I command thunder fire of God to break every chain of darkness holding me captive. I shall not shake my head in distress as a result of dream failure; neither shall my heart be filled with sorrow after sleep, in Jesus name I pray Amen.

DECREE NUMBER FOUR.

“The LORD is a refuge for the oppressed, a stronghold in times of trouble”

Psalm 9:9.

Who can I call upon in time of trouble? It is Jesus. Here I come before you O Lord; I am oppressed in sleep, in dream and in spirit. I run to you for safety so that you might save me from dream memory loss. Save my soul from jackals that torment me in my sleep. My sleep time table is under serious attack of the wicked. Save me from the oppression of wickedness. O Lord, you are my refuge, save me Lord.

Use your power of decree to save me from dream calamity, dream oppression and dream failure. Hence, I decree liberty and dream breakthrough into my life, now and forevermore, Amen.

DECREE NUMBER FIVE.

*“I cry aloud to the LORD, I lift up my voice to the LORD for mercy. I pour out my complaint before him, before him I tell my trouble”
Psalm 142:1-2.*

O Lord, I cry loud unto you for mercy. I cry aloud to you for favor and mercy. I cry unto you concerning the troubles I face day in day out. My dream foundation is shaking. Enemies inflict my dream life. I am but a shadow in my sleep, as I remember none of my dream after sleep.

I complain bitterly before people, yet help does not come from them. I wept concerning same, my situation never change. My parents, friends, teachers, pastors and neighbors alike, could not provide answer to it. I look all around, east, south, west and north, yet there is no answer.

Hence, I lift my eyes unto the hills, unto the holy throne, unto the heavenly, where answer can be received. O Lord, decree power of revival to take place in my life. Let your decree from your holy throne bring changes into my life today. Amen.

DECREE NUMBER SIX.

“I say to God my Rock, “Why have you forgotten me? Why must I go about mourning, oppressed by the enemy?”

Psalm 42:9.

I cancel, and render null and void oppressions of the enemy against my soul. I release my soul from the grip of the enemy. I fire back arrow of spiritual blindness fired at me. I remove and burn to ashes every garment of mourning troubling my soul.

O Lord, dress me with garment of favor and mercy. Forgive me of sins holding me captive; do not allow me to die in this situation. Let your anointing fall upon me, empower me to remember my dreams, in Jesus name I pray Amen.

DECREE NUMBER SEVEN

“Blessed is he whose transgressions are forgiven, whose sins are covered. Blessed is the man whose sin the LORD does not count against him and in whose spirit is no deceit”.

Psalm 32:1-2

My sins held me captive, transgressions speak loud against me. In the midst of these, I am entangled in the hands of the enemies. I am brutally cornered from communicating with heaven through dreams. My spiritual liberty is tampered with. To you Oh Lord, I cry unto for forgiveness of sins which stand as legal ground against me before my enemies. Forgive me Lord, save me from spiritual blackout.

Pronounce your decree upon my situation. Decree dream revival upon me, let me remember my dreams. Anoint me afresh and let your decree stand, in the name of Jesus I pray Amen.

DECREE NUMBER EIGHT.

“They spread a net for my feet— I was bowed down in distress. They dug a pit in my path— but they have fallen into it themselves”

Psalm 57:6.

Lord Jesus, rescue me from the hands of dark powers breathing wickedness against my soul. These powers are out for evil. They spread evil nets to capture me in the sleep. They feed me time without number in the dream. Spirit spouse troubled me all night. I was pursued in the dream for destruction. They spread net for my feet, to catch and imprison me. They dug pits along my path, so that I may fall into their traps. All these were done to let me dwell in distress and confusion. They fired arrow of memory loss against me and make me fall prey to them.

Save me Lord, release me from the captivity of the enemy. Let me remember my dreams as in the beginning, as you promised us from your Holy seat. Decree goodness into my life, let liberty reign in my life, in Jesus name I pray Amen. Amen.

DECREE NUMBER NINE.

“Those who hate me without reason outnumber the hairs of my head, many are my enemies without cause——”

Psalm 69:4.

Lord Jesus, enemies surround me, wicked attackers do vigil to pollute my sleep. I am hated without cause. Those who laugh with me in day time suddenly turn to monsters at night to torment me. They destroy and devour messages ascribe for me in the heavenly. I became a mere decorator on my bed. I am trample upon at will. Evil seeds were sowed in me in the dream. I am but a shadow of myself. Anytime people discuss dreams, I become an onlooker because I have nothing to contribute. I forget my dreams before I wake up, sometimes I don't dream at all. I am robbed oh Lord!

Rescue me from the shadow of death. Build me afresh, let my memory bank function well. To you Oh Lord I cry. Amen.

DECREE NUMBER TEN.

“In your distress you called and I rescued you. I answered you out of a thunder cloud, I tested you at the waters of Meribah.”

Psalm 81:7.

I have no other God apart from you O Lord, for you are my God and my Lord. When I called you in my distress, you rescued me, out of your thunder cloud you answered me. I call upon you today to liberate me from powers of dream erasers. They are powers that rob victims of dreams. They introduce blackout into people's memory. Hence, they make one forget dreams, or not to dream at all.

This is my situation now, O Lord rescue me, help me out. Let me dream and remember my dreams. Let me dream and be a conqueror in the spirit. Decree justice against the enemy, decree liberty upon my life, in Jesus name I pray. Amen.

DECREE NUMBER ELEVEN.

“May my prayer be set before you like incense, may the lifting up of my hands be like the evening sacrifice”

Psalm 141:2.

O Lord, I call on you this day for signs and wonders, come quickly to me, answer me by fire. Hear my prayer as I stretch my hands of prayer to you. Listen to my cry for mercy, redeem my dream life. I dream and forget all, sometimes I remember just few. These robbed me spiritual matters. I live far from heavenly message. I am no more connected in the dream realm. This is my lamentation before you. O Lord, save me from the hand of dream failure and dream pollution caused by whirlwind of darkness.

I lift up my hands unto you for answer. May the lift of my hands be like the evening sacrifice, ready for an answer. I shall receive answer to dream and forget problems facing me today. Let my dream life experience spiritual revival. Let every dark power and personal contributions that led to dream failure in my life come to an end today. Therefore, I nullify sad effects against my dream life, and experience explosive turnaround from dream and forget, to dream and remember.

O God, do this speedily, I know you shall do it, Amen.

DECREE NUMBER TWELVE.

“Listen to my prayer, O God, do not ignore my plea”.

Psalm 55:1.

O Lord my father, hear my prayer, listen to the words of my mouth. Do not look at my deeds for I am but a sinner. Have mercy on me; wash me clean of my sins. Enemies robbed me of good things and trample upon me. I hardly dream, and when I'm opportune to dream, I forget them all. As a result, my heart is filled with anguish, happiness found no place in me when I wake from sleep.

O Lord, deliver me from dream oppressors, and powers assigned to devour me of my dreams. Let your heavenly decree set me free. Let liberty reign in my life. Amen.

DECREE NUMBER THIRTEEN.

“My tears have been my food day and night, while men say to me all day long, “Where is your God”

Psalm 42: 3.

Lord Jesus, I am filled with soberness, tears rolled down my cheeks. Whenever I realize, I can't remember my dreams after sleep, I felt bad. Going to bed at night is like a dead man going to sleep. On my bed, I do not dream, even when I dream I forget all. This made tears become my food day and night. My heart is depressed and full of sorrow. Arise, O Lord, help me out, and empower me to remember my dreams.

O Lord, lay your hands upon me, to enable me dream and remember what I dream. Open my eyes to see visions. Decree your heavenly power upon my life. Let your mighty power dwell in me. I know you shall do it. Even, my God have done it. I claim victory over dream and forget and so shall it be in Jesus, name Amen.

DECREE NUMBER FOURTEEN.

Psalm 44:6.

Lord Jesus, I have tried the best I could in respect of my dream life, yet there is no positive result. I cry and wail it was as if I added fuel to fire. Darkness overtook my dream life. I am powerless over my situation. At this junction, I realize it is only you who can save me from predicaments.

Pronounce decree of judgment from above against my foes. Decree dream revival upon my dream life. Decree success and breakthrough upon me. I rely on you Oh Lord, do it speedily. Amen.

DECREE NUMBER FIFTEEN.

“The voice of the LORD strikes with flashes of lightning. The voice of the LORD shakes the desert; the LORD shakes the Desert of Kadesh”.
Psalm 29:7-8.

The Lord is enthroned as King forever. His voice represents last command to all. When he speaks peace, it comes to pass. When he speaks war, he takes control. Blessed is my sleep in the name of Jesus. By his power, peace locates me. Flashes of lightning from his mouth strike my enemies down. His support shall make me a champion.

O Lord, let your warfare angels destroy powers causing blackout in my sleep. Let the lamentation of “I dream and forget all”, “I dream I cannot remember all”, end today. Speak Lord; let your voice strike with flashes of lightning upon my destiny. Cause revival in my memory bank, to enable me remember my dreams clearly. Amen.

DECREE NUMBER NINETY-NINE.

- 1. Praise the Lord
Praise the LORD from the heavens,
Praise Him in the heights above*
- 2. Praise him, all his angels.
Praise him, all his heavenly hosts.*
- 3. Praise him, sun and moon,
Praise him, all you shining stars.
Psalm 148:1-3.*

I will praise my LORD, for the wonders he did in my life. I will praise Him, in respect of my dream life. I will praise Him, as I shall experience “operation dream and remember” and “operation clear dream, clear remembrance”, in the name of Jesus.

Era of blackout vacates my life. Dream rascals vacate my life. Dream erasers saw me and fled. Dream criminals fold their hands to their chest in shame. They watch me in awe at distance. What a marvelous glory God gave me before my enemies.

The heavens are happy concerning my case. The angels dance in heaven for my sake. Heavenly hosts smiles in my support. The sun and the moon, praise my God as well. The stars are not left out, as they praise God. To you be the glory, my LORD and my God. Amen.

FINAL THANKSGIVING

At last, my prayers are answered. I shall not be disgraced. My God is mighty behind me. I have recovered from dream and forget syndrome. My joy is full. Laughter finally locates my mouth. My vision shall be clear as in the order of the prophets of the old. God has visited my foundation for good. I am now a champion, and shall never be a failure in the territory of dreams. So help me God. Amen.

O Lord, I thank you for the wonderful hands you laid upon me. I thank you for giving me listening ears. I thank you for mercy and favor I received from you this day. I thank you because I recover from dream and forget syndrome. O Lord, I thank you once again, in Jesus name I pray. Amen.
