

*For more than five years people hearing the JGLM message have been requesting that we start a Bible School where more in-depth training could take place...*

*Now there is a Bible School that does that very thing. And as you would expect of JGLM, we are doing Bible School in a very different way...*

*A way that has never been done before...*

## **TWO TRAINING TRACKS**

We have two tracks of training available:

The **First Track** is for those who want a practical, applicable, and effective course of Bible study. This will include 12 weeks of classroom instruction and practical application in the essential Christian doctrines and practices that have become the trademark of JGLM.

The JGLM message is, according to many Christian leaders, changing the very face of Christianity everywhere it is proclaimed. This Track is geared for those not sure whether they will be engaged in full-time ministry. This is an excellent program for those desiring a deeper knowledge of the Bible and its life-changing truths...

Another group following the First Track are those that are convinced they should be in full-time ministry, yet are more comfortable following the "normal" path of ministry training.

Those in the First Track will undergo training in 12 courses (each course lasting one week). Each course may be completed in a module format. Any course may be taken by anyone at any time it is being offered. Each course will cost \$100 (Tuition) plus text book(s) and/or syllabus. There are no administration or registration fees.

The **Second Track** is for those that are convinced that they should be in full-time ministry, and want to totally abandon their lives for the Gospel. This group is comprised of individuals that desire more out of their Christian life than just going to church and preaching.

The group of people geared to the Second Track are those that have decided to live a missionary lifestyle regardless of where the Lord has them. These are those who are similar in attitude to the Special Forces in the U.S. Military. They are ready to go anywhere, anytime. They are willing to invest their time in training so that they can spend themselves in service for their King.

In exchange for their hardcore attitude, they will receive their entire training free of any tuition (Textbooks and Syllabus must be purchased).

This group will agree to go where they are needed once they graduate. This group will also agree to serve one year on the field for every school year of training received from the John G. Lake School of Ministry.

JGLM has opportunities for ministry all over the world. Our target areas of operation at this time are:

- **Hong Kong** – Working with the underground house church in mainland China.
- **Burma** – establishing ministry training bases for Native Burmese Christians.
- **Haiti** – establishing ministry training bases for Native Haitian Christians.
- **Cree Indian Reserve (LaRonge, Saskatchewan, Canada)** – establishing ministry training bases for Cree Indian Christians.
- **Thailand** – establishing ministry training bases for Native Thai Christians.
- **Philippines** – establishing ministry training bases for Native Filipino Christians.
- **Mexico** – establishing ministry training bases for Native Mexican and Indian Christians.
- **United States** – establishing ministry training bases for American Christians.

We are now receiving candidates for Missionary training.

Our Missionaries will be the most thoroughly trained and equipped missionary personnel in the world.

We are also strengthening our position as a Missions sending and support organization. We will assist in the overall support of any Missionary we send out.

This being the inaugural session, some costs are hard to foresee.

Regardless of circumstances, we are committed to ensure that no student will go hungry while in training.
